SECURITY COUNCIL DEBATE ISRAELS ATTACK ON JORDAN

The 15 Nation Security Council on Friday 9 August, 1968, held another round of debate on Jordans complaint of a large scale air attack by Israel a week last Sunday, and Israels charge of Jordanian support of terrorist raids against her.

Mr Miguel Solano Lopez of Paraguay urged strict compliance with the 1967 cease-fire resolutions to facilitate the efforts of the special UN peace envoy, Mr Jarring. He also stressed the need for the adherence to the Council resolution of last November which laid down the lines for a Arab-Israeli settlement.

Mr Joao Augusto de Araujo Castro of Brazil said the time was not for condemnation, but for the saving of lives. He said, "the Middle East problem should be settled by the countries in that area, but that this would be greatly facilitated if the Great Powers would curb arms shipments to the region on a balanced basis".

Mr Yakov Malik of the Soviet Union said that the United States was encouraging further aggression by placing

on the same level Arab resistance to Israeli occupation and Israels premeditated attack on Salt.

For Israel, Mr Yosef Tekoah said that the real problem

THE Secretary-General, U Thant, on 1 August, 1968, announced the appointment of Nils-Göran Gussing as his representative to assist in the relief and humanitarian activities for the civilian victims of the hostilities in Nigeria.

The appointment has been made pursuant to the concurrence given by the Head of the Federal Government of Nigeria, Lieutenant-General Yakubu Gowon, to the Secretary-General's proposal of 13 July to send a representative to Lagos. SVERIGES BIRGITTA I FAMAGUSTA

DET VELLYSTIGE LIV DER LEVES I FAMAGUSTA SAMMENLIGNES MED SODOMA OG GOMORRA. STRAFFEDOMMEN OVER CYPERNS GENSTRIDIGE FOLK SKAL SNART GAA I OPFYLDELSE.

Birgitta var født i 1302. Allerede som 13-årig blev hun bortgiftet og fik otte børn i sit ægteskab. I 1344 blev hun enke, og herefter begynder hun at få religiøse syner. Hun døde i Rom i 1373. Hendes lig førtes til Vadstena, hvor det blev begravet. I 1391 blev Birgitta optaget i helgernes kreds.

Den 14 Marts 1372 sejler Birgitta fra Neapel med kurs mod det hellige land. Efter undervejs at have gjort ophold i Famagusta nåede hun i begyndelsen af Maj til Palæstina. I Jerusalem havde Birgitta haft en åbenbaring om forholdene på Cypern, og nu ville hun selv forkynde den for folket. Ved efterårets begyndelse tiltrådtes tilbagereisen og den 8 Oktober står hun på pladsen foran katedralen i Famagusta.

Kong Peter I af Cypern var få år forinden blevet myrdet, og hans søn og efterfølger "Lillepeter", en fjortenårig dreng, der lige blev kronet til konge af Cyprn, stod under formynderskab af sin mor, dronning Eleanor, og farbroderen, hertug Johan, der havde været impliceret i mordet på kon-

gen. Befolkningen stod splittet. Adelen levede i vellevned og tænkte kun på at more sig. Skibe fra Genua lurede på en gunstig chance til at gøre et godt kup...

Birgitta lagde enkedronningen nødvendigheden af reformer og en kristelig regering på sinde. Hun gik kraftigt ind for, at den unge konge snarest også burde kronas som konge af Jerusalem, men hun advarede samtidig: "Ve det rige hvis konge er et barn". Til hertug Johan skildrede hun hans udsvævende liv og fremholdt ham alle hans synder: "Omvender du dig ikke, vil du lide en endnu bitrere død end din broder, som du var med til at myrde". Det skamløse liv, der levedes i Famagusta, var for Birgitta et "Sodoma og Gomorra", og hun varslede dets nære fald.

Birgittas spådomme gik hurtigt i opfyldelse. Få dage efter at hun havde forladt Cypern begyndte urolighederne, og året efter erobrede Genua Famagusta. Men Birgitta havde ikke forudset, at det skulle blive kongens hestetømme, der kom til at spille hovedrollen i episoderne, der startede urolighederne.

Rundt om på Cypern finder man ofte i landsbyerne enorme krukker som disse liggende. Efter sagkyndiges udsagn anvendes de til mange forskellige formål. Den her viste type, der ikke hører til de allerstørste, bruges til at opbevare oliven i. Bageovnene, som man ser ved mange huse på landet, er ikke lavet af gamle krukker. De er specielt formet på stedet i ler, der derefter brændes. Løjtnant A.E.C. Vestergaard fra spejdevognsdelingen er faktisk kun med på billedet for at angive størrelsesforholdet.

De gamle oliventræer antager helt groteske former med deres knudrede stammer. Et sagn fortæller, at muhammedanerne altid i gamle dage lagde fem oliven for hvert træ man såede, en for hver af døgnets bedetimer, for at være sikker på, at mindst en kerne ville spire. Dette skulle være årsagen til de tykke stammer. Konstabel E.T. Hansen "Tørring" og sergent K.L. Jacobsen, begge fra spejdevognsdelingen, afsøger terrainet i kikkert under en jeepatrolje.

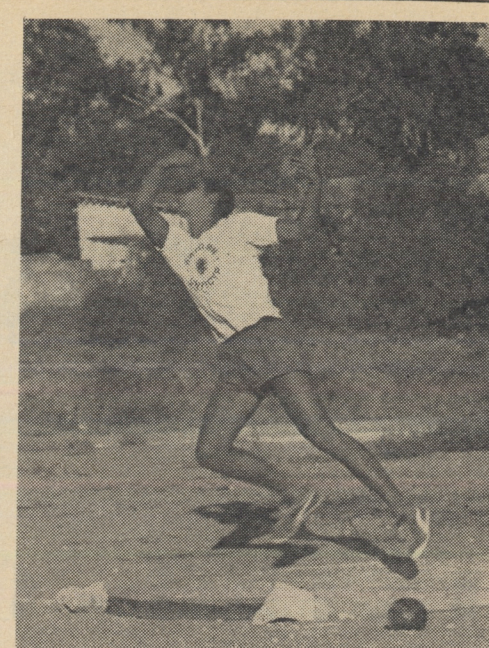

DANCON NYT

NY VFO

Den første August afløste major E. Kingo Christensen major L.C. Frederiksen som velfærdsofficer. Majoren kommer fra Fyenske Livregiment. En af hans første embedshandlinger blev, at han aflyste det påtænkte konefly i October. Det var nu tilslutningen det skortede på, og ikke majorens gode vilje. Velfærdskontoret arbejder på kraft på at finde frem til andre muligheder for at få pårørende billigt til Cypern.

Sidste torsdag aflagde UNFICYP's kommende stabschef, brigadegeneral E.M.D. Leslie, tiltrædelsesbesøg ved DANCON. Efter en orientering på hovedkvarteret foretog generalen en rundtur til kompagnierne og besøgte en række poster. Stabsmessen havde arrangeret frokost for generalen, og ved kaffen ses generalen her i samtale med chefen for C-kompagniet, major P.E. Hüffeldt.

Friidrott:

TRIUMF FÖR 2 KOMP

Den 8 och hölls 9 zonmästerskapet i fri idrott på Gold Fish Stadium. Världlaget, 2 komp, vann tävlingen med 71 poäng mot 3 komp 59 poäng och 1 komp 44 poäng. En god del av andra kompaniets poängsumma kom från två män. Wassberg vann inte endast 400 m utan även Ståhl vann 100 m samt höjdhopp och kom dessutom två i längd. Båda deltog också i det segrande stafettlaget.

Första kompaniet kom nog oförjätt långt ner på listan. Josefsson tvingades nämligen bryta 800 m och kunde heller inte ställa upp på 1500 m. Där gick många poäng förlorade för kompaniet.

Resultaten från tävlingen borgar för att det kan bli fina insatser i

kommande internationella drabbningar. Fri-idrottarna har att se fram emot, och inte minst att träna för, en finn-kamp tredje veckan i september och sedan UNFICYP-mästerskapet den sista veckan i samma månad.

Här går starten för svenska stafetten. Från vänster: Björn Söderberg, STR-komp; Jan Ehrlund, 3 komp, Ingemar Wernersson, 2 komp och Hans Pettersson, 1 komp.

TENNIS

På grund av att UNFICYP-mästerskapet i tennis kommer att hållas redan den första veckan i september måste vi lägga zonmästerskapet redan i slutet av augusti. Det blir civilpolisen som arrangerar den tävlingen. Banorna blir de bästa tänkbara, nämligen de vid Catholic Church, Four Miles Point.

VATTENSKIDOR

Zonmästerskapet i vattenskidåkning kommer också att genomföras lite senare än beräknat. Man siktar på första veckan i september. Problemet är att iordningsställa en bana. Det ska dock ske så snart som möjligt i närheten av Famagusta hamn, där det är mest lä och tämligen lugnt vad båttrafiken gäller. Håll utkik i "Cypresen", där bli alla bestämmelser kommer att återfinnas!

DRAGKAMP

Och till er som är kraftiga vill vi speciellt rikta oss inför UNFICYP-mästerskapet i dragkamp. Det kommer att hållas den 17 sept och innan dess kommer det att vara en del uttagningsstävlingar för de lag, som ska representera bataljonen.

Även om denna tävling kommer ni att kunna läsa en hel del i "Cypresen".

Till sist: Andra kompaniet och öfu Stålnacke är värda en eloge för utmärkt värdskap resp organisation, när det gällde fri-idrotts-tävlingarna.

Ovan till vänster: Zonmästare i kula, Sten Hansson, Civilpolisen, 12,87. Jan Ståhl 2 komp och zon-tuvåa i längdhopp, 5,93 m. Längst till höger: Arne Järlfors, 1 komp och zonmästare i diskus, 34,03.

INTER - CONTINGENT RIVARY

The popular game of volleyball as an inter-contingent sport was again proved last week when a team from IRCON played FINCON in a friendly match at KYKKO Camp.

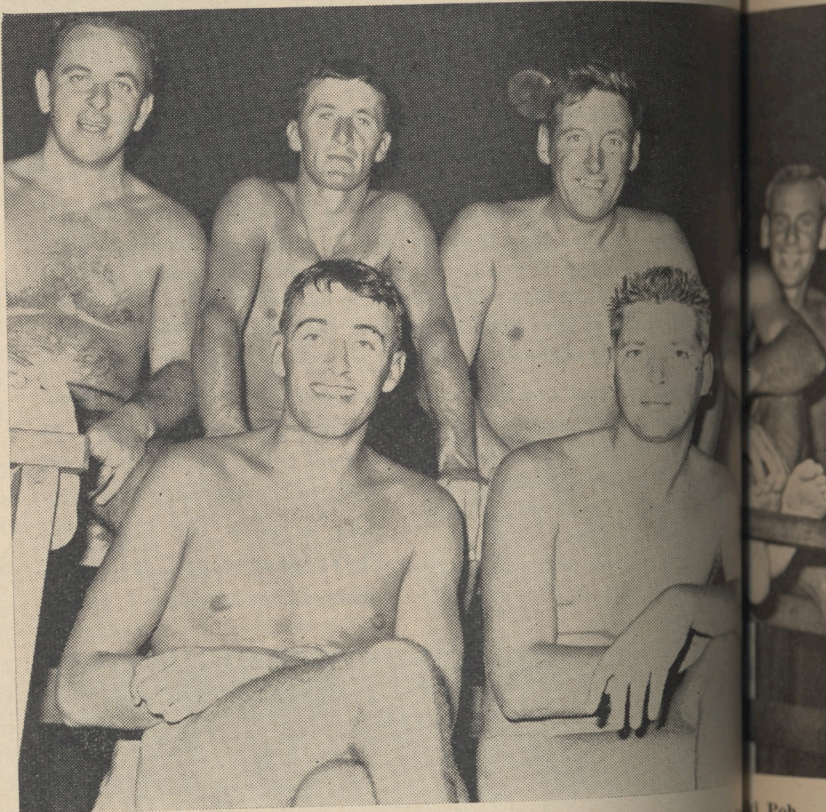

Trailing but trying, the IRCON team fights back as Cpl Kinsella goes high for a return shot while Coy Sgt Gaynor awaits the inevitable comeback. FINCON finally won, 3 Games to 1

SPOT CHECK ON STORES

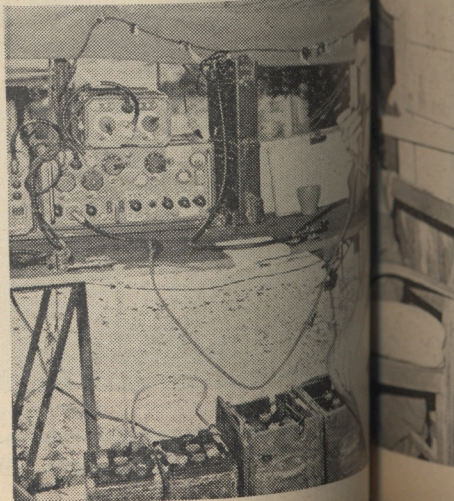

In the canteen of "C" Coy at LEFKA Pte Joe Kelly (McDermott Bks, Curragh) assists Cpl Tom McKiverigan (Army Apprentice School, Nass) in checking canteen stocks. The background Irish travel poster is now scarcely necessary to remind them of home, for with five months of the contingents tour completed, the "canteen" talk is almost exclusively devoted to the return trip.

"The sauna is the secret of our success" says FINCON janvirta (right front) as he entertains his former rivals to a Finnish custom. Enjoying it from the rear are (left to right) Sgt Cooper, Coy Sgt Sean Gaynor, Pte Jim Kerins, and Cpl Seanscann. Colm Mangan smiles his approval.

"Shirts off? Wilco. Out" Sgmn George Moran of "C" Coy happily complies in a vain endeavour to keep cool during his spell of duty at the COMCEN at Coy HQ in Lefka.

4LI MEDAL PARADE

On Tuesday 6 August, Brigadier M. N. Harbottle, Officiating Force Commander, flew into Polemidhia Camp, Limassol, to present the UNFICYP Peace Keeping Medal to officers and men of 4 LI on completion of 3 months duties with the Force.

Met by the Commanding Officer Lt Col J. H. Jacob, the Brigadier drove to Limassol to bid farewell to the District Officer, Mr. Favos Zachariades. He then returned to Kitchener Lines, and after inspecting a Quarter Guard moved to the Parade Ground.

There were 250 officers and men on parade, under command of Major 'Mike' Benson. After the Brigadier had inspected the Parade he presented medals to the medal party. There followed a short address during which he stressed how proud and privileged he felt as 'Light Infantry born' — the Brigadier was commissioned into 'The Oxfordshire and Buckingham Light Infantry' — to be taking a Light Infantry Parade as his last military parade as a serving officer.

Brigadier Harbottle reminded the Regiment to look at the rever-

WATER FLOWS AT FORT ANADHIU

One of the daily chores facing soldiers of 4 LI stationed at Fort Anadhiu in Polis, has been to fill nearly forty jerrycans with water in Anadhiu village and transport it to their camp.

Thanks to men of the UNFICYP RE Section based at Polemidhia, under command of Lt Bruce Hawken, they now have running water in the showers and kitchen. How was it done?

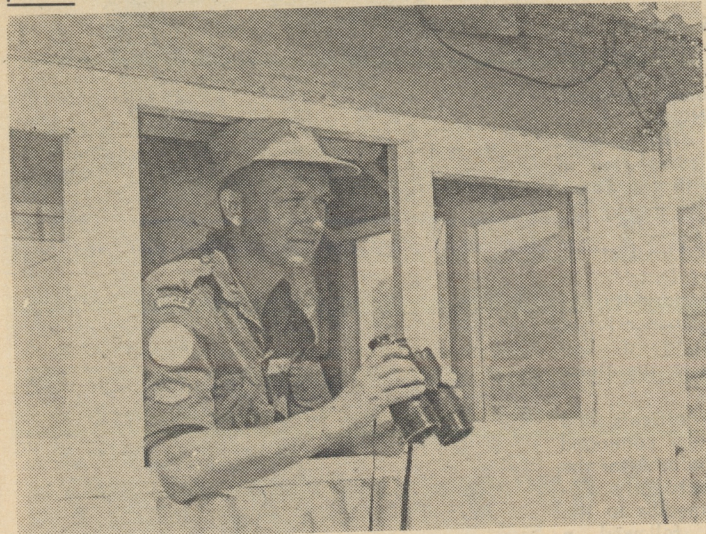

Well, the first requirement for any Sapper task is a thorough recce, so Sgt Jock Beavis sited a line for piping a suitable tapping point off the village supply and a site for a tank. Permission was granted by the village for the water to be run off and a 120 gallon tank was acquired from Dhe-

A LOOK AT THE SURROUNDING AREA

Corporal J. (John) Sulderitsch carries out a visual check of his area of responsibility at Beaver lodge Outpost. A tedious and sometime boring job, the around-the-clock monitoring of all activities in the area is nevertheless a key function of members of the Princess Patricia's Canadian Light Infantry.

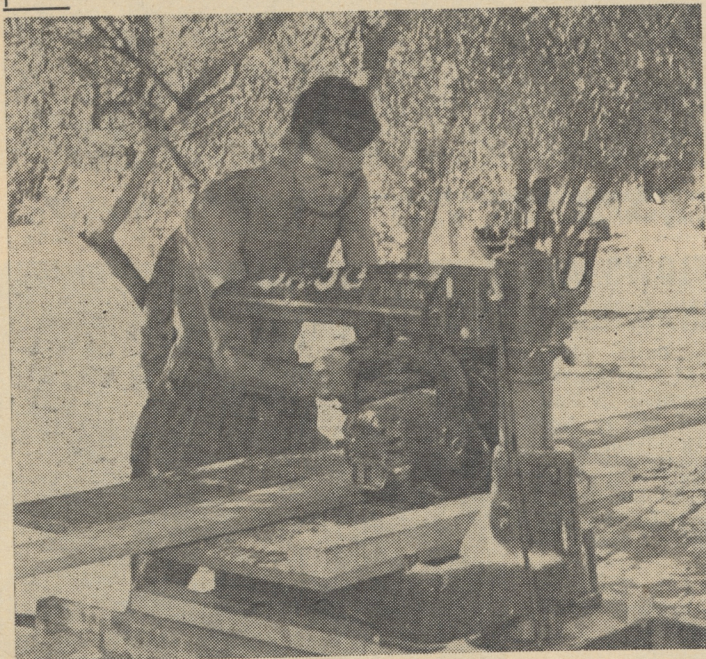

RIGHT:

Every Monday, Corporal J.D. Crawshaw of the Princess Patricia's Canadian Light Infantry watches the arrival and departure of the Canadian Armed Forces Yukon aircraft. Not that he is necessarily an aircraft enthusiast, but he has the major responsibility for the handling of the heavy equipment required for the loading and off loading of the aircraft. Each departure just leaves a guy a little more wistful.

"Meidän Herramme Jeesus Kristus, sinä yönä, jona hänet kavallettiin..." Nicosian St Paulin kirkko oli lähes täynnä suomalaisia rauhanurvaajia, kun sotilaspastori Esko Jaakkola oli järjestänyt pataljoonan ehtoollisjumalanpalveluksen eräänä tavallisena arkisena perjantai-iltana heinäkuun loppupuolella.

Taas kerran tuli todistetuksi se, että ei tarvita mahtavia ulkonaisia puitteita, ei tarvita keinotekoista atmosfääriä, kun tämän kaltaisissa tilaisuuksissa saavutetaan se hiljaisella tavalla välitön ja koruttoman harras tunnelma, joka kaikin tehokkaimmin painuu muistilokeroihin ja jää mieliin, joka ei unohdu heti seuraavana aamuna.

Kaunis italiatar. Kirkossa nähtiin myös Nicosiassa vierailevan suomalaisen taiteilijaseurueen italialaisjäsen, taitelijanimeltään Kaarina.

Sotpast Jaakkola puhui lähtökohtanaan Matt. 7, 13-14: Menkää ahtaasta portista sisälle. Sillä se portti on avara ja tie lavea, joka vie kadotukseen, ja monta on, jotka siitä sisälle menevät. Mutta se portti on ahdas ja tie kaita, joka vie elämään, ja harvat ovat ne, jotka sen löytävät.

Jumalanpalvelus päättyi Herran pyhään ehtoolliseen. Hiljainen ja karu suomalainen ei ujostele silloin kun hän sisimmässään tuntee, että nyt on hetki mennä. Yllättävän moni poika kävi ehtoollisella. Hyvä ja kevyt on mennä, kehoitushan kuuluu: "Tulkaa, sillä kaikki on valmiina".

Jeesuksen Kristuksen veri, sinun edestäsi vuodatettu. Moni poika kävi ehtoollisella.

Kirkon penkkirivit täyttyivät hiljalleen ennen kirkonmenojen alkua. Harmaat paidat oli kaivettu kaapeista ja lähdetty hetkeksi "kompoteilta" pois, kuulemaan Jumalan sanaa.

ROAD SAFETY CORNER

HERE are five points to remember when driving:-

1. **CONCENTRATION**
Under existing traffic conditions, absolute concentration is the key to good driving.

2. **ANTICIPATION**
By concentrating on road conditions and situations, an intelligent driver can interpret the actions of others or changes in road surfaces and direction well in advance and is thus prepared for emergencies.

3. **COURTESY**
Consideration for the needs and limitations of other road users, particularly cyclists, people in charge of animals, the elderly and the young, and restraint in coping with traffic situations are the hall marks of the professional driver.

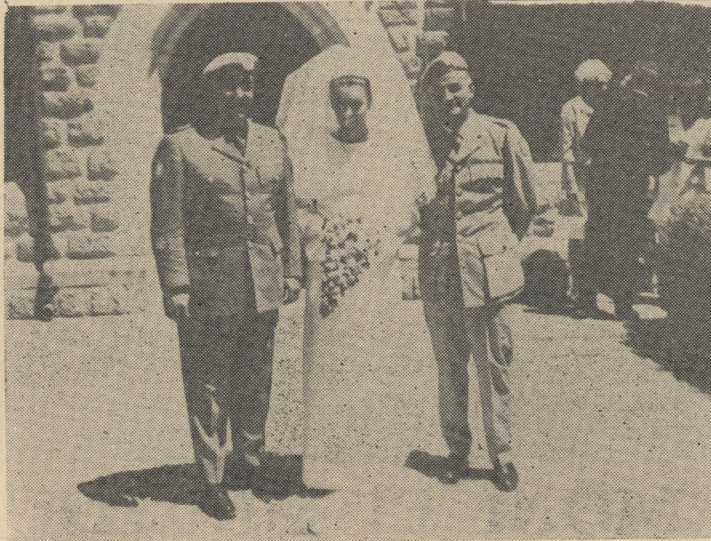

4. **CARE OF PEDESTRIANS**
Many pedestrians, particularly the elderly and the very young, have little or no idea of stopping distance under varying conditions, they may be deaf, they may be invisible behind a parked vehicle.

5. **POSITIONING**
Keep to the left except when overtaking or turning right. Keep a distance of at least your vehicle's length for every 10 M.P.H. of your speed between you and the vehicle in front — unless you are overtaking.
Give these points the attention they deserve!

stemmed from the determination of Arab States to destroy his country. In line with this determination, he said, they were conducting a war by terror which must be stopped.

Mr Muhamman El Farra of Jordan said that the incidents complained of by Israel were the doings of individual Palestinians over whom his government had no control, while Israel had carried out avowed military operations against Jordan. He also said that Israel had lied in telling the Council that it's attack had been limited to terrorist camps. He displayed photographs, to be circulated as documents, "which", he said, "showed a dead child, burned crops and a destroyed Red Crescent bus".

Mr Tekoah took the floor again to state that he wished categorically to reject the malicious representation made by the Jordanian representative, who had shown "photomontage pictures". "Israel had not bombed the town of Salt, but only terrorist bases", he declared.

"ACT OF FREE CHOICE" TO BE COMPLETED BY 1969

MR Fernando Ortiz-Sanz left MUN Headquarters last week, to assume duties as UN Representative for West New Guinea — West Irian.

He arrived in Djakarta over the weekend, and held preliminary talks with the Indonesian Government on the arrangements for the "Act of Free Choice" to be made by the People of the Territory of West Irian — regarding their future status.

Under a 1962 agreement between the Netherlands and Indonesia, it was decided that the "Act of Free Choice" should be completed before the end of 1969 and that Indonesia would ask the Secretary-General to appoint a representative "One year prior to the date of self-determination" to 'Advise, assist and participate' in arrangements.

Until 1962, West New Guinea (West Irian) had been administered by the Netherlands. Under an agreement, Indonesia assumed its administration in 1963 following a interim period during which a UN temporary executive authority was in charge.
