² Methodology: This section is related to the senior state official visits. Only the head of the delegation will be counted by number of visits. Eg.: If the President of the Republic visit one district one time in the month, it is considered "1", if two visits, is considered "2" and so. However, if X number of Members of Parliament, or Y number of Ministers, Secretary of States or Directors are also part of the Delegation, they will not be considered as they are not leading the visit.

Annex 06: District Level Programmes

In the State Budget 2011, the Government has a plan on Capital Development, with a total of \$405.9 million (of which \$317.3 million is allocated to the Infrastructure Fund), the Government will continue to improve service delivery to the People at local, sub-district and district level, particularly through programs acknowledged as successful in 2010, such as the Decentralized Development Program (PDD). The type of projects in this category include:

\$65 million for MDGs for Sucos to construct new houses with connection of water and sanitation.

\$15.5 million for the DDP at Aldeia, Suco and sub-district level.

\$28.8 million for the DDP at district level.

\$166 million for the power plant and the power lines.

Over \$30 million for the development program of Tasi Mane.

Improved service delivery by decentralization remains a focus of Government. This related particularly to increased financial capacity and autonomy in line ministries and decentralization of procurement. As a result of visits to the districts by the Prime Minister, local management of smaller projects was envisaged. To achieve the Government's priorities while maintaining fiscal responsibility has required reduced expenditure in areas of lower priority.

CFTL Capital and Development

The Government continued to improve service delivery to the people by increased delivery at district, sub district, and Suco level, by use of public transfers with specific purposes, together with accountability mechanisms. This reflects increased confidence in regional delivery mechanisms.

Below table shows Capital and Development expenditures of CFTL. The government will continue to develop successful programs, such as Local Development Programs (PDD1) and Decentralized Development Programs (PDD2). The Government is committed to improving the quality and execution of these programs. CFTL Capital and Development expenditures comprised of:

Infrastructure Fund

The Infrastructure Fund covers Multi-annual and Large Projects above \$1 million, and MDG. These projects will span a timeline that in June they will be more than one year depending on size and timeframe of implementation. The single major expenditure item for the Infrastructure Fund is Central Electricity, to establish a National electricity generation and transmission grid. The budget allocated for 2011 is at \$448.7 million which aims to provide reliable access to electricity across the country, with capacity to support industry, particularly in the northern coast from Batugade to Tutuala. The Government will increase its investment in roads and bridges, and buildings, offices, hospital and schools. The Government continues its investment in integrated financial systems by a further \$7.7 million in developing procurement and financial monitoring of software and hardware capacity.

Large Projects will start with Tasi Mane projects that will cost more than \$30 million, mostly for the development of the Southern Coast, including the following projects:

Development package of Suai, which includes multi-purpose port (\$2.5 million), Supply Base (\$10 million), and Rehabilitation of Airport (\$5 million), Detail site survey, design, and supervision of southern cost development of Beaco (\$5.8 million), and Southern coast infrastructure development for pipeline route analysis (\$3.5million), environmental studies (\$2.8 million).

\$65 million from the Infrastructure Fund is allocated to the MDG Suco program in 2011 to provide 11,140 houses across the Nation. Five new homes will be built in each of Timor-Leste's 2,228 Aldeias (hamlets) this year with the goal to improve the living conditions of over 55,000 vulnerable families in rural areas by the end of 2015. Other works under the MDG Suco Program will include small-scale infrastructure in solar power, water and sanitation, and roads in addition to other community based works.

In 2011 budget the Government has allocated US\$3.5 million for Local Development fund. This budget will cover the implementation of small scale development projects mostly in the area of infrastructure, education and health care services in all 13 districts. All the districts have been allocated at the rate of US\$ 3.62 per capita, with exception of Dili and Liquica which will receive US\$ 2.40 per capita since they started participating in the planning process only in 2010. The renewed Government's commitment has two primary objectives: reduce poverty through better services and infrastructures, and accelerate the promotion of the decentralization process. The fund in 2011 has been increased from US\$2 million in 2010 to US\$ 3.5 million 2011, showing consistent and strong commitment of the Government towards the implementation of the decentralization process and local governance.

National Development Agency

The Council of Minister has approved the structure of the National Development Agency (NDA) that has an organic structure to allow supervision and inspection of the quality of development projects. It is a service under direct State Administration, under the Prime-Minister's responsibility, which will facilitate the procurement/contracting of programs and multiannual projects. The NDA is related to the Decree-Law 11/2011 of 23 March 2011.

The mandates of the NDA are:

- Evaluate the merit and feasibility of capital development projects;
- Supervise, inspect and certify the quality of capital development projects and their implementation, in coordination with the ministry concerned;
- Manage construction projects in an amount between \$150,000.01 and \$500,000, attributed to local companies based in the sub-districts under Decentralized Development Program II

Constitutional Government has been promoting measures that contribute to the decentralization of public administration, as provided in n.º 1 of Article 5.º of the Constitution of the Republic. The Local Development Program was created and established the institutional arrangements for local government, local planning and implementation, budget management and local procurement and created the link between government and community leadership. At the same time, government programs have been implemented in the districts, sub-districts and sucos through decentralized services. For this purpose, in 2010 the Government initiated the study of the practical lessons learned through the Decentralized Development Program (DDP). The Ministry of State Administration and Territorial Planning has also played the role of facilitator for the sucos on the identification of community priorities, through the Sucos Development Plan (SDP), in order to coordinate these priorities with the Local Development Plan and also contribute to the Strategic Development Plan (SDP) of the Government. Based on these experiences - and to prepare the districts for its transformation into municipalities, in addition to strengthening the Government's policy defined in the SDT - the Government must establish a planning and implementation system to ensure that the State budget is invested in areas that the districts and sub districts defined as priorities
